

Many of you have already booked to attend **our G.M. meeting that will be held September 12/13** in Dublin and it looks like we will again have a good turn out.

As an added attraction Suretank will be sponsoring a game of golf to be held Monday 11th am at Seapoint Golf Course. (no cost to members)

There are a limited number of places available and these will be allocated to those who wish to play on a first come first served basis.

Will any member who would like to play please contact me soonest and I will make sure their names goes into the hat for selection.

If you would like to see details of the course just use your Internet access and type in "seaport golf club"

The HSE have now published the **ITCO protocol for working at height on tankcontainers** on their own web-site www.hse.gov.uk/new/index.htm if any member would like to view the information

The EPCA has just issue a document entitled "**Best Practices in Chemical Logistic's**" and if any member would like a copy this can be downloaded from the EPCA web-site :

http://www.epca.be/Documents%202003/Pdf%20Docs/Meetings%20Reports/BPCL_Vienna_Report.pdf

Robogrind have just issued a press release giving details of the surface grinding project they presented to the ITCO January meeting in which they are acknowledging the support they received from the ITCO board and membership.

China has just formed their own "**Tankcontainer Standards committee**" with the first meeting held a few weeks ago in Shanghai.

As international standards are already well establish in the rest of the world ITCO will be fully involved with this committee to ensure that this does not get carried away and try to reinvent the wheel.

We will keep members informed on the progress of this committee

Regards

Reginald Lee
President ITCO
